Dear Mr. Lord,

You ask in your letter of the sixth if "The King Conspiracies" project is still available and whether I have made any other arrangement.

It is available and I have not made any other arrangement.

I've refused a couple.

Otmoor Productions is currently preparing a special for BBC-TV, I've been helping them, they are to film an interview next week, but I've not given them - in fact refused them - anything other than copies of records they want and advice and counsel.

My belief is that rather than taking the edge off, they'll increase interest in what I've done and want to be able to complete.

As I'm sure Tony Summers told you, I'm 76, in impaired health and of limited mobility.

But if you have any questions, please ask them and I'll respond as fully and as rapidly as possible.

Sincerely,

Harold Weisberh
